Hello,

I am a reporter at TIME Magazine, and am working on a story about the waste water leakage in the Animas/San Juan rivers.

I spoke to Navajo Nation president Russell Begaye, and he said that EPA officials had told him in a meeting that the full clean up could take up to a "decade" before Navajo people could return to their normal lives on the river banks.

Just wanted to confirm if this is true. My deadline is 5 pm today evening.

Best,

Aditya
